***PrintXcel* introduces new VersaSeal® and  
HIPAA stock products; publishes new catalog**

**Montrose, AL, February 25, 2003-** *PrintXcel* recently revised and expanded their stock product offering. Most notably, they have enhanced the entire VersaSeal line, adding new security features on all check products, introducing image and USPS-friendly secure documents, and converting all styles to 28# papers for improved reliability and processing. They also added 12 new products including integrated VersaSeal cards, C-Fold window products, and a 2-way window product designed for simplex printing.

With these additions, VersaSeal provides the most comprehensive variety of stock products available in the industry. All products are on the shelf and available for immediate shipment.

*PrintXcel* also added HIPAA products to their health care offering designed to meet new guidelines set by the Health Information Portability and Accountability Act. Other HIPAA products and custom forms are also available.

These products are featured in their revised stock products catalog that can be obtained by contacting *PrintXcel* Marketing. These catalogs are generic and are suitable for use with end users.
